## Sugar event to be held in city

Mumbai: Asia's leading exhibition and conference for sugar production will be held at Bombay Exhibition Centre, Mumbai on February 27 and 28. The two-day event will focus on equipment and technology display for sugar and allied elements like ethanol, distilleries, bio-energy and cane farming. It also offers a networking platform to get acquainted with the latest in sugar, ethanol, and energy sector. Sugar Asia is Asia's only dedicated platform in its kind. A two-day conference is a major highlight of the event where international speakers will deliver their research, information and experience to the audience.
